Villa General Is Captured; Zapata Chief Surrenders

Mexican Government Forces Defeat Bandits In Several Battles—Gabriel Valivieso Captured—Carranza Troops Hot On Trail Of Mariano Tames—Sinaloa Moves Seat Of Government To Culiacan—U. S. Brigadier General Makes Statement.

MEXICO CITY, AUG. 7.—Reports to the war department announce many successes for the government forces over bandits and Zapata forces in small engagements, including the capture in Chihuahua of the Villa general, Gabriel Valdivieso and the surrender and acceptance of amnesty of General Malesio Alabarran with 150 Zapata adherents in the state of Mexico.

Carranza troops today are close on the heels of the band led by Mariano Tames, which left Juarez Saturday with the announced intention of joining Villa, according to reports to General Francisco Gonzales in Juarez.

The reports said that the band, now about 40 miles south of the frontier, near Samalayuca, consists of but seven men.

There were originally 25 men in the plot, the general added, but only eight were able to get horses. One of these, sent back on an errand, was captured in Zaragoza.

SINALOA MOVES CAPITAL

MAZATLAN, MEX., AUG. 7.—(By radio to San Diego, Cal.)—The state of Sinaloa government, which is said to be loyal to Carranza, has moved its seat from Mazatlan to Culiacan, where there are fewer bandits and consequently more security. The Culiacan region also affords a better supply of meat. Milk and other food staples however are scarce.

Improve Food Supply

The authorities are endeavoring to improve the food situation by installing distribution commissaries in all the large towns. Prices of staples being fixed by the government, the merchants make scant profit and business generally is dull. All food stuffs leaving a city without special permit are subject to confiscation.

Prospects Excellent

Despite a shortage of labor and money, 70 per cent. of Sinaloa's normal acreage is under cultivation now and crop prospects are excellent.

The government is making every effort to prevent depreciation of its paper money, heavy penalties having been fixed for offenders.

Mrs. Jesse McBane Dies After Extended Illness

Following an illness of one year's duration, from organic heart trouble, Mrs. Jesse McBane, aged 42, died Sunday afternoon at 3:30, at her home, 1233 East Vine street. Mrs. McBane has been bedfast for the past ten weeks, and during her entire long illness, and intense suffering, was patient and uncomplaining.

Emma Gail Moore, daughter of Mrs. Sarah Moore, of Cambridge street, was born in Tuscarawas township August 28, 1874. The family moved to Coshocton 23 years ago. Hiram Moore, the father, died fifteen years ago, and Mrs. McBane's death occurred on the anniversary of the day of his burial. The mother and husband survive, as well as a daughter, Helen, aged 19, and a son, Gleason, who is 14. There are two sisters living: Mrs. Judge Balch and Mrs. Gleason Adams, and one brother, H. B. Moore. All reside in Coshocton.

Twenty-five years ago Mrs. McBane united with the Methodist Protestant church, and has always been a conscientious member and a devoted follower of its precepts. Her high ideals and beautiful christian character endeared her to all her friends, who unite with the family in mourning her death.

Funeral services are to be held Tuesday afternoon at 1:30, and will be conducted by Rev. A. B. Williams, pastor of the M. P. church. Interment will be made at South Lawn cemetery. The following have been chosen to act as pall bearers: Judge S. H. Nicholas, Henry Andrews, Fred Umstott, of Newark, C. B. Wilhelm, John Siegrist and Blake Mizer.

Four Persons Drown In Owl Creek While Bathing

Owl Creek claimed four bathers Sunday afternoon when Isaac Parsons, 65 of Nashville, and Mrs. Don Graven, of Akron stepped off a ledge into 18 feet of water and in their death struggles carried down to death their would-be rescuers, Mr. and Mrs. Lester Mowrey, of Danville.

Bodies Recovered Sunday

The accident occurred four miles west of the Coshocton county line and a mile east of Cave City. The bodies were recovered late Sunday afternoon and taken to the Mowery home from which funeral services will be held this morning. Mr. and Mrs. Mowery will be buried at Danville while Mr. Parsons and Mrs. Graven will be buried at Nashport.

Members Of Picnic Party

The four bathers, two Mowrey children, Mrs. Jacob Mowrey, mother of Mr. Mowery, and Miss Mary Blubaugh had motored to Rocky Hollow, a camping spot to spend the day. About 2 o'clock the older members of the party, Miss Blubaugh and Mrs. Jacob Mowrey excepted went bathing.

Stepped Off Ledge

Mrs. Graven and Mr. Parsons stepped off a ledge into deep water. Frightened by the accident, Mrs. Graven clung to her father and both were soon in distress. Mr. Mowrey went to their rescue but became exhausted in his efforts to save the two. Mrs. Mowrey, unable to swim, attempted to aid her husband and was soon in deep water. Unable to save Mr. Parsons or Mrs. Graven, Mowrey then attempted to save his wife who had gone beneath the surface. Her grasping arms dragged him under and the tragedy was complete.

Efforts Were Futile

Twenty minutes later rescuers summoned by Mrs. Parsons and Miss Brubaugh reached the scene and recovered the bodies. Efforts at resuscitation were futile.

Parsons leaves a wife. They were visiting at the home of their daughter, Mrs. Lester Mowery, of Danville, together with another daughter, Mrs. Don Graven, of Akron. Mr Graven and a son survive. Mr. and Mrs. Mowrey leave two sons and three daughters as follows: George, of Buckeye City, Mrs. Ben Frazee, of Danville, Eldon, and two small daughters of the home.

Faces Mayor This Morning

Ed White, of South Seventh street, spent the night in the City prison and this morning will face Mayor H. L. Richardson on charges of intoxication, resisting an officer and abusing his wife as the result of trouble last night at his home.

White was drunk and started to abuse his wife according to reports phoned to the police station. Lieutenant Hankins was detailed to investigate and decided that White would be less trouble at the station. White was quite strenuous in his opposition to the idea.

Heat Kills Young Child

Rev. F. A. Twining, pastor of First Baptist church, had charge Monday afternoon of funeral services for the infant son of Mr. and Mrs. James Thompkins, of 131 Mulberry street, who died Sunday morning at nine o'clock from heat prostration. Three brothers, and three sisters survive. Burial was made at Canal Lewisville.

HUGHES OPENS HIS CAMPAIGN IN MICHIGAN

Republican Nominee Hopes Capital And Labor Can Agree To Co-Operate

WELFARE WORKERS HEAR FIRST SPEECH

Unusual Outporing Of People To Hear G. O. P. Presidential Aspirant

DETROIT, AUG. 7.—Republican Nominee Hughes' first appeal for votes on his campaign tour for the presidency was a plea for Americanism, expression of a hope of a get-together spirit of co-operation between capital and labor and endorsement of a national movement for the welfare of American workers. Hughes spoke the first of his campaign talks in a stillingly close room of the Hotel Pontchartrain to a committee representing welfare workers of every big factory in Detroit. There were more than a hundred persons who crowded in and mopped their faces in the blistering heat between handclaps for the nominee.

Many Greet Him

It was quite a demonstration, considering the heat, and it followed a really unusual outpouring of the public early in the morning to greet the G. O. P. aspirant for presidential honors, as he paraded thru the streets in an automobile.

Hughes was the central figure at two receptions this afternoon, and tonight he will deliver two speeches here, at which he is expected to assail President Wilson's Mexican and foreign policies, supplementing his acceptance speech.

N. Y. Strike Nears End

NEW YORK, AUG. 7.—Belief among city officials, street car heads and union leaders that the street car strike would be ended today neared a certainty at noon.

Police officials were so confident the agreement reached between union leaders and President Shonts of the "green car" system would be ratified that policemen were told they could expect to resume interrupted vacations, beginning tomorrow. The police camp at Fort Wadsworth will be resumed Monday. Commissioner Woods announced

This forenoon only 655 out of the normal 2404 cars on all systems of the city were operating.

The right of the men to unionize, but not formal recognition of the union, is understood to be the chief point agreed upon

Escape Is Miraculous

A heavy touring car, with five passengers, turned turtle into a deep ditch near the Perry Hett home south of West Carlisle Saturday morning and no damage was done to occupants or car.

This miraculous escape befell Ray Hawthorne and Albert Turner and the Misses Geneva Crawford, Louise Crawford and Blanche Miller, all of the West Carlisle vicinity, who had started in the Hawthorne machine to the Black Run Sunday school reunion.

Men came to their rescue; the car was righted and hauled up to the highway, the party boarded and made the trip to Black Run as if nothing had happened.

Labor Day Activities

The Trades Council announced Monday that within a short time further announcements would be made concerning the details of the Labor Day celebration at Fairlawn Park September 4. It will be remembered that attention was called in these columns a few days ago to the excellent purses to be hung up in the racing events. These, it is said, will attract several out-of-town entries.

Chief Maple After Record

Chief of Police J. R. Mapel lays claim to being the champion chicken raiser in Coshocton city or county. In support of his claim Monday he took from his coop of five months old White Leghorn pullets, a perfectly good egg and "J. R." testifies that the egg is the product of one of said pullets.

The chief is a chicken fancier and altho he has but a small chicken yard, he manages to raise from 20 to 30 fine blooded fowls each season. Rhode Island Reds and White Leghorns are his favorites. To say that he has some fine birds is putting it mildly.

Moose Meet Interesting

125 members of the Jr. Moose and their friends were present at the open meeting which was held Monday evening at the lodge rooms in the Selby building. The program consisted of vocal selections, a sleight of hand performance by Prof. Hauer, a drill by Co. E of the Loyal Order of the Moose. Also an address by Charles Hay, dictator of the Zanesville Jr. Moose, and a short talk by Mr. Shumaker, dictator of the Coshocton Senior Moose.

Light refreshments were served.

Russian Troops Continue Drive Toward Lemberg

Terrific Fighting On Eastern Front Overshadows Struggle In Flanders—Russians Continue Attacks And Make Gains—French Abandon Movement On Thiamont—English Troops Victorious In Africa—Germans Arrest Prominent Socialist Editor.

LONDON, AUG. 7.—Terrific fighting on the eastern front, where new battles are developing, overshadowed the struggles in France and Flanders today.

Without a moment's halt in their new drive on Lemberg, the Russians are hurling troops forward in ceaseless attacks on the west bank of the River Sereth, south of Brody.

An official's statement issued at Petrograd today reported capture of strongly fortified Austro-German positions in this region, representing a further advance toward the Galician capital.

Attack East Of Kovel.

The German war office announced the Russians are continuing their attack without cessation, and are also attacking the Austro-German lines east of Kovel.

The reinforced Austro-German armies in the Carpathians continue to press back the Russians, it was officially admitted at Petrograd. The German war office announced the capture of the Plaik and Dereskovata heights in the Carpathian fighting.

Abandon Attack.

In the western war theater, the most important news of the day was the German official claim that the French have abandoned their attacks on Thiamont ridge, northeast of Verdun, without obtaining any success.

The official reports from the British and German war office regarding minor operations last night on the Somme front today were contradictory, the British reporting the repulse of all German attacks and the Germans claiming the recapture of trench portions taken by the English near Pozieres.

BRITISH WIN IN AFRICA.

LONDON, AUG. 7.—Closing in upon the kaiser's last colony, German East Africa, separate British forces have won victories both on the south and east, it was officially announced today.

British naval forces, co-operating with General Smuts, occupied the small German port of Sandani last Tuesday after slight opposition. Other naval operations are progressing along the coast line, where the German Central railway, extending thru Kilimatinde, Dodoma, Kikombo and Vandeventer, has been reached, the enemy having been dislodged from this area.

Germans Surrender.

Swimming Pool Proposal Is Seriously Considered

Altho definite plans have not been completed, it is thot that when the next semi-annual appropriation is passed, in January, council will be asked to include an appropriation for a municipal swimming pool. So much interest is being taken in the bathing beach, known as the "Rat Trap" that extensive plans for providing comfortable equipment for the bathers are being discussed for next summer.

As the amount of money appropriated for special police protection at present is small, only ample, in fact, for protection on special occasions such as fair week, there is a possibility that council will be asked for an appropriation at the meeting next Monday evening.

Thrilling Rescue Made From River Last Night

The Tuscarawas river almost claimed two lives Monday evening when Donald Latham, 22, of Orchard street, unable to swim, stepped into a deep hole and was sinking when Benjamin Shaw, 22, of Hay avenue, attempted to rescue him. Shaw was seized by cramps and both were unconscious when rescued by Lewis and Jesse Wilson, of North Sixteenth street

Latham Unable To Swim

About 6:30 o'clock the two young men went to the Tuscarawas river near the glasshouse and went in bathing. Latham was unable to swim but was trying to learn when he stepped into a deep hole estimated to be twenty feet in depth. Shaw went to his rescue only to be seized with cramps and both went under.

Wilson Boys To Rescue

The Wilson boys, who live on North Sixteenth streets, went to their rescue, reaching the young men just as they went under for the second time. With some difficulty they brot Shaw and Latham to the shore, both being in an unconscious condition.

After some effort Latham was revived by artificial means. Shaw soon recovered and both were in a satisfactory condition last night.

Federals To Cambridge—Defeat The Collegians

Manager Bries announced Monday night that arrangements had been made to take the Federals to Cambridge for a game next Saturday, August 12. All Federal players are requested to be at the Pennsy station that day to take the 11:48 a. m. train. The trip to and from Cambridge will be made by the way of Zanesville. Any player who cannot make this trip is asked to report to Manager Bries immediately.

Next Sunday afternoon, August 13, the Somerset team-champions of Perry county, will be the attraction at the Red Sea. This will be the first appearance of a Somerset team in Coshocton.

That Red Sea contest Sunday afternoon was a hummer. "It was a famous victory." The game put the fans up to the seventh heaven of bliss. It was probably the best ball game of the season. The locals defeated the highly touted Pittsburg Collegians by the pretty score of 1 to 0.

The work of Payne and Darr of the Federals was of the gilt-edge variety. Unger also performed in a sensational manner. The entire Federal machine worked perfectly, each player doing his part in a way that left little to be desired in the way of net results. As a chain is only as strong as its weakest link, so with a ball team. The work of the local team Sunday demonstrated that there are no "weak links" in the Fed chain. Manager Bries and Coach Todd now have better reason than ever to be pleased.

The Collegians reaped but six hits off the delivery of Payne and these were so distributed that they did no damage. Just once was Payne threatened. In the Collegian half of the eighth Bell popped one over short, after two men were out, and stole second. Thompson singled and Bell dashed for home. Jones put the ball to Darr who stood at the front steps and tapped Bell a hearty welcome home with the horsehide.

The only score of the game was made by Sondles. It came in the second inning. Driving the ball to right center he raced to second. Unger popped out, as did Jones on a sky rocket to right field. Nichols singled and brot Sondles home. Nichols died at second when Darr rolled out.

The single Fed error was inexpensive. The visitors made two miscues, both poor throws. Neither contributed to the loss of the game.

Darr's nifty catching, Payne's fine pitching and the all round good teamwork of the Federals made the game one long to be remembered. The attendance was good.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation, and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

EXTRA GOOD TRIANGLE PROGRAM AT THE MYSTIC FOR WEDNESDAY

William Collier, Jr., will be the star at the Mystic Wednesday, and [illegible] will be here next week.

In order to provide the [illegible] for "The Eagle Call," the Triangle-Fine Arts feature in which William Collier, Jr., is starred at the Mystic Wednesday, Thomas H. Ince had [illegible] and twenty buildings. The stockade was [illegible] one of the old [illegible] posts in Montana, which was the [illegible] of many of the Indian wars of frontier days.

[illegible] swift and sensational action [illegible] this [illegible]. It is attacked by Indians and a desperate battle [illegible], in which the crafty [illegible] said to be [illegible]. They also take a number of sensational falls.

"[illegible] in Keystone, like [illegible]," said "Buster" Collier, star of Triangle's "The Eagle Call," as he watched an Indian attack being filmed with many thrilling falls. "If I was I'd have to tumble off one of those horses and break my neck!"

NORMA TALMADGE AT THE MYSTIC TODAY

Thru a mistake in the Cleveland booking agency Douglas Fairbanks will appear at the Mystic next week instead of today as announced in Sunday morning's Tribune. The Triangle for today could not be improved as it features the favorite Norma Talmadge who played in "The Battle Cry of Peace." The next few lines are comments on the play at the Mystic today.

In "Going Straight," the new Triangle feature, Norma Talmadge, the star, plays the only important female part in the piece. There is no other girl directly concerned in the story.

The Triangle Kiddies are seen again in the new feature, "Going Straight," in which Norma Talmadge is the star. Until these kiddies grow up it is likely that characters in a number of Triangle plays will have large families. Oyster Bay papers please copy.

"Going Straight" is the third Triangle feature that co-directors C. M. and S. A. Franklin, who have had such wonderful success with children, have produced for Norma Talmadge, who plays the star part. The Triangle Kiddies are prominent in the cast.

Stop, Look And Listen

During each cycle of general prosperity there comes a time when the speculative promoter becomes unusually active. The present large number of offerings of the speculative class makes it plain that we are now in the midst of such a period. The newspapers and the mails are overflowing with offerings well designed to catch the imprudent.

Within the last week there have appeared flaming advertisements and insistent personal appeals to the public for money for new industrial propositions which have their existence only on paper. In certain instances it is plainly stated that it has not yet been decided where the proposed plants will be built. That old appeal creeps in—one hundred dollars invested a few years ago in this, that and the other well known undertaking has made the owner independently rich. It is a small task to name these few successful enterprises, but the thousands that have gone down are passed over lightly.

Promises of high dividend returns are the snare which should be avoided. Do not be prevailed upon to invest your savings in propositions of this type. Make careful investigation before buying anything and leave your money in a safe bank until you have done so. Draw a distinct line between INVESTMENTS and promotions. The propositions earlier referred to are not investments and will not be until they have behind them history of earnings and dividends, coupled with shown intelligence and integrity of management.

Remember this: Your financial adviser can retain your confidence only so long as his advice has proven by experience to be sound. He cannot promise both safety and big profits and keep his friends. Like the wandering gypsy, the promoter can afford any promise so long as it results in a profit to himself.

BACK TO NATURE

Two years ago a citizen of Massachusetts proceeded to the Maine frontier, divested himself of every scrap of clothing at the edge of a great forest in northern Maine and without weapons, traps, fishing tackle or with any other means of feeding or clothing himself, plunged into the primeval wilderness as naked and defenseless as when he entered the world.

If memory serves us right he remained in the wilderness a couple of months, perhaps more, and emerged none the worse for his lone combat with the forces of nature. He was dressed in a skin suit made from animals he had trapped. He had fed on such meat and wild fruits and herbs and roots as he could procure. He had demonstrated that civilized man can still return to a state of nature and cope successfully with her forces.

This summer several other white men have made the same plunge into the depths of the Maine forests for the purpose of making the same demonstration. How well they will succeed remains to be seen. But whatever the degree of their success the white man has never equalled the Indian in providing for himself in the wilderness.

It has been but a little while since the Toledo Blade told of an Indian who became separated from his fellows last fall, away up in the Hudson Bay country. He had no food, no protection against the weather, except a ragged suit of clothes. A pocket knife was his only weapon or implement. But he emerged from the wilderness next spring, fat, happy, and in possession of several hundred dollars' worth of furs.

He managed to start a fire with his knife and a piece of flint the Blade says. He erected a shelter which turned snow and rain. With strips of bark he made fish lines, with thorns, hooks. Fish he found in plenty by breaking holes thru the ice of the streams. He fashioned traps and established a line of them. He made snow shoes fur clothing, moccasins, and a great cap he spoke of as a stove.

When spring arrived this Indian had a canoe and he rode away on the first freshet with his store of wealth, in better physical condition than he was when he parted from his friends. But he didn't suppose there was anything unusual in the accomplishment. He accepted his success as a matter of fact, and will probably return to the scene this fall to duplicate the adventure as the easiest way of making a living.

At the bull fight in Juarez the other day American and Mexican soldiers fraternized in the most approved style. Which only goes to show that one touch of barbarism makes the whole world kin.

In nearly every newspaper or magazine you pick up some fellow is telling what a lot of things we have learned from the present war, but no one as yet has told what it is all about.

New York is always telling the rest of the country in a patronizing way how to do everything, but she doesn't seem to know any more about a street car strike than other cities.

The average woman strenuously objects to a coat of tan, but one thing may be said in its favor—it always fits better than some of the other things a woman wears.

Some men who boast that they never take a vacation, would confer a lasting benefit on their families if they took about thirty days each month.

HIGH OFFICIAL ON TRIAL.

LONDON, AUG. 7. David Lloyd George, secretary for war, in the House of Commons today, moved the second reading of the bill giving civilians the right to appear before military tribunals as witnesses and also providing that in cases wherein civilians were implicated the court might be composed of civilians as well as officers. DAY OF RECKONING TO COME.

Frank Teale, driving the Gray Hardward company's Ford, Saturday night had quite an experience while returning from West Lafayette. The big car came right on and seemed about to run into the Ford, swerved and caught the left frontwheel and knocked it off.

Mr. Teale got the number of the touring car as it dashed down the highway and there will be a day of reckoning.

DENOUNCING MEDICINES

Wholesale denunciation of proprietary medicines is no more justifiable than wholesale denunciation of the medical profession. It is no more true that there are reputable physicians who unselfishly devote their lives to an unending struggle with disease than that there are standard remedies which do as good a work: often where the work of the good physician cannot reach. A good example is Lydia E. Pinkham's Vegetable Compound, which ha sfor forty years been aleviating the sufferings of women and curing the ills peculiar to their sex.

KILLS PESKY BED BUGS P. D. Q.

A 25-cent package of Pesky Devils' Quietus, P. D. Q., makes a full quart of the best bug killer on earth, better than a barrel of old-fashioned dope.

(Free—a sprinkler spout in every box to get them in the hard-to-get-at places.)

Bed Bugs, Roaches, Ants and Fleas can't exist when P. D. Q. is used, as it kills 'em and their eggs as well. P. D. Q. will not injure bedding; kills fleas on dogs. At your druggists or mailed for 25c, stamps or coin, by Owl Chemical Co., Terre Haute, Ind.

To Clean Paintbrushes.

No matter how hard a paintbrush has become, it can be made as soft and clean as new by simply boiling in water into which has been put a little lye. A little washing powder or soap will do, but it will take longer. The brush should be placed on end and the boiling water should be no deeper than the length of bristles, as the boiling suds will injure the handle. Turpentine will clean paintbrushes, but not after they have become hard.

Our Diet.

One fundamental principle is that he diet, considered for any reasonable length of time, must supply a great variety of chemical substances combined in different ways for the "structural" needs of the body, and also must supply it with energy-yielding substances with which it may perform internal and external work. It seems apparent that a varied diet, reasonably generous in amount, is more likely to meet the body needs than one restricted or unvarying in its make-up or scant in quantity.

Vote Them Straight In Primary, Says Callahan

Election judges and clerks thruout the county will meet a peculiar situation today if a prediction can be made based upon inquiries made by a number of candidates and also by instructions given to a number of voters.

It appears that a number of Republicans wish to aid certain Democrats in their nomination by writing their names in on Republican ballots for the office to which the candidates aspire. It is also said that Democrats are willing to help out certain Republicans.

Mutual Back Scratching

As a result of this "You scratch my back and I'll scratch yours" policy a number of inquiries have been received by election authorities in regard to the legality of the proceedure.

Investigation by Clerk John Callahan Monday revealed that in the past the entire ballot had been thrown away by some judges. This he ruled was not to be done.

Two Avenues Open

According to his ruling two procedures are open to judges: If voters known to have cast Republican ballots at the preceding election vote for a Democratic candidate, their vote may be challenged: second, If a Democratic candidate's name appears on a Republican ballot or vice versa the name is to be ignored. Inasmuch as the names will be written in, the latter procedure will be necessary to prevent the illegal count of votes.

On One Ticket Only

To be nominated for the race a candidate must be nominated on either the Republican or the Democratic tickets at the primary. Should his name appear on both tickets at the primary it is held that the combined vote cannot be counted. He must receive a plurality of votes on a single ticket, be it Republican or Democratic.

Some New Officials Will Serve At Election Today

John Callahan, clerk of the board of elections, Monday in rounding up judges and clerks for the voting places in the various precincts of the city and county for Tuesday's primaries, announced the following changes in the list of officials who served at the election last November:

New Castle township, D. L. Giffen, R, presiding judge, in place of Ray Cornell, R.

Plainfield, J. R. Gaumer, D., judge, in place of W. C. McCoy, D.

Roscoe, C. N. Randles, clerk, in place of Charles McMullen; Sherman McNary, D., clerk, in place of John Kleinknecht, D.

Ward 1-B, Frank Dinsmore, R., clerk, in place of Cash Fonner, R.

Ward 2-B, Harry Tish, D., judge, in place of David Norris, D.

Ward 3-A, C W Balch, R., presiding judge, in place of Warner Hay, R; Guy Doney, D., judge, in place of L. H. Heffelfinger, D.

Ward 4-B, Al Rinehart was appointed to serve as a judge in the place of B. F. Vorhees, Democrat, who with Hervey Thresh, also a Democrat, are absent from the city. Another judge for this precinct will be appointed this morning.

Ward 4-D, George Webb, R., presiding judge, in place of B. F. Cox, R; Floyd Shaefer, R., clerk, in place of Glenn O. Boyd, R.

Many Bets Are Posted

The race for the office of sheriff is attracting the greatest interest of the voters if betting can be taken as an indication. Last night at the Smokehouse the majority of the bets offered and taken were on candidates for this office. Numerous bets offered by the Bantum supporters were taken by the McDonald faction who cleaned the board. A bet of $50 even was offered on Gamble and found no takers. A bet of $10 even on Gamble was taken up by a Cullison supporter. A $10 even bet that Herrick would secure more votes than his four opponents in this county was taken. A similar bet of $20 even found no takers. A bet of $5 to $3 of "Tod" McClain was snapped up. A $20 even bet on Bantum was taken by a McDonald man. A close watch will be kept in the future.

CAPITALIZATION

	Authorized	Issued
7% Cumulative Preferred Stock	$1,500,000	$ 900,000
Common Stock	2,500,000	1,875.600
Bonds	None	

The more important features affording security to the Preferred Stockholders are summarized as follows:

1. The Steel Products Company has been in successful operation since 1901, at which time it was organized under the name of The Cleveland Cap Screw Company. Later this name was changed to The Electric Welding Products Company, and later still to The Steel Products Company. In connection with the present financing, which enables the active management of the Company to acquire a larger interest in the business, this Ohio company of the same name has been incorporated to take over this business and that of The Michigan Electric Welding Company of Detroit and The Metals Welding Company of Cleveland, all of which have been under the same management. The Company as consolidated manufactures automobile parts, among which are valve stems, push rods, spring shackle-bolts, drag links, brake rod assemblies, and other similar hardened and ground steel products. It also manufactures oxy-acetylene welding and cutting equipment, cap screws and coupling bolts and is a leader in all these principal lines of manufacture.

2. ASSETS, AUDIT AND APPRAISAL: The Balance Sheet of the new Company, as of May 31st, adjusted to reflect the completion of the present financing, shows net tangible assets, excluding patents and good will, of $2,229,830.97 or over $247 per share of the Preferred Stock, and net quick assets of $1,209,633.84 or over $134 per share of the Preferred Stock. The Company's books have been audited by Messrs. Ernst & Ernst, Certified Public Accountants, and appraisals have been made at our instance as follows: Cleveland real estate, Mr. A. S. Taylor, of V. C. Taylor & Son; Detroit real estate, Mr. C. A. Merrell; buildings, Mr. H. C Robinson, Real Estate Officer of The Guardian Savings & Trust Company; equipment, The Strong, Carlisle & Hammond Company; inventory, The W. M. Pattison Supply Co.

3. EARNINGS: For the five years and five months ended May 31st, 1916, combined net earnings applicable to Preferred Stock dividends, after ample charges for depreciation and renewals, have averaged $258,893.52 per year, or over four times the dividend requirements on the Preferred Stock issue. For the year ending December 31st, 1915, the combined net earnings applicable to Preferred Stock dividends were over six times the Preferred dividend requirements.

4. NO MORTGAGE or other lien can be placed upon the property of the Company, nor can Preferred Stock be issued in addition to that at present authorized, without the consent of the holders of 75% in amount of the Preferred Stock outstanding.

5. SINKING FUND: Beginning June 1, 1917, the Company shall retire and cancel annually at least 5% of the largest amount ofPreferred Stock at any one time outstanding.

of the army, that unserviceable and second-hand clothing has been allotted to the Ohio federalized troops. "The charge is false," said he. "We never allot unserviceable stuff or even second-hand equipment, except to the inmates of the federal prison.

Extravagant Government

"We never issue a second-hand uniform to a soldier. Ours is perhaps the most extravagant government on earth in this respect. In other countries the uniforms belong to the government and are renovated and reissued as long as they are serviceable."

The men of the Third regiment were given their June pay Sunday at Camp Willis. Pay-roll clerks worked all Saturday night under Colonel Duffy and Major Shetler of the quartermaster's department to make it possible for the soldiers to get their money.

Go Home To Vote

General McMaken, camp commander, announced that all soldiers who wish to return home to vote in Tuesday's primary election, will be given permission to go, but they must pay their own traveling expenses. It is probably that Fourth regiment soldiers will go home to vote in larger numbers than those of any other regiment because of being nearer to home stations. Sixty per cent. of the soldiers are under voting age. So far very few soldiers have asked to be permitted to return home.

ROBBED REFRIGERATOR.

Someone was hungry Sunday night so he or they visited Judge Hunt's refrigerator and secured some milk, chicken and other estables. Small boys seen prowling in the neighborhood are suspected.

CIVIL SERVICE EXAMINATION.

A civil service examination will be held at Coshocton, Saturday, August 12, to fill the position of rural carrier at Walhonding. It was erroneously stated that the examination would be held August 26.

FINED $5 AND COSTS

Clyde Bender, Ben Ammon and John Brightwell were each fined $5 and costs Monday when they faced Mayor H. L. Richardson on charges of intoxication.

Socialists Announce Platform And Ticket

Local Socialists Monday announced the platform of the Socialist party of Coshocton as follows:

We, the Socialist Party of Coshocton County, State of Ohio, affirm our allegiance of the principles of International Socialism, and to the platform of the Socialist Party of the United States,, and of the State of Ohio.

The aim of the Socialist Party is to organize the workers politically for the purpose of overthrowing the Capitalist System of industry, and the establishment of an industrial democracy, and to aid all working class legislations in their fight against the ruling Capitalist class.

We urge the workers to organize industrially for the betterment of working conditions and for the final overthrow of Capitalism.

The day of craft unionism is passing and the workers must organize in more centralized unions if they are to cope successfully with the great organization of Capital.

We oppose all preparedness programs, they being for the protection or American capital in foreign countries, and for the profit of munitions manufacturers. And we denounce the threatneded war with Mexico as inspired for the purpose of securing the protection of the American government for American Capitalists in their exploitation of Mexican resources and labor. And we advise all workers to refuse to enlist in this Imperialistic enterprise.

The workers of Mexico are not the enemy of American workers, and we should refuse to fight them.

The only enemy of the working class is the Capitalist class, and workers should refuse to fight any others.

The only hope of the working class is in organization, regardless of nations or national prejudices, for the purpose of capturing the industrial government.
